

## Our Year in 2005!

We trust that this letter finds you in the best of health and happiness. The last year was quite eventful for us, and the girls continue to grow!

Early this year, we visited our family and friends in India. The beaches were particularly great, and the girls got a kick out of the cows on it! Yash and Cherry, their cousins, joined in the fun too!

Remember the "Before" shot of Rob's Bronco from last year??

While the project is never-ending, here is an "After" shot! We've had several fun rides in the Bronco this year!

Early August in Hawaii, no kids in tow (thanks again, Mom!), what a blast!! The trip included a memorable sunrise bike ride down Haleakala mountain in Maui, a great sunset in Oahu, and Rajshree drinking a lot of water as she attempted to surf to shore! While Rob had a great time snorkeling, Rajshree attended a conference in Honolulu, and received two best paper awards!

A quick and fun time at Grandma's in the Fall included a visit to the Apple orchard.

A witch, a cowgirl, and don't miss the ghoulish Prince in the background.
