

.:Important Announcement:.

Last Thursday, several people left during the middle of the presentation for the FIN 300 project meeting at 7pm. We understand you have other obligations, but we want to look as professional as possible, and limit the disturbance for our speakers' presentations. In the future, if you have to leave early, please notify someone on the executive board in advance. If several people will be leaving early, we can let our presenter know ahead of time, and avoid any confusion for the presenting company. If you know you need to leave early, please sit near the door and leave as quietly as possible. Thank you for your understanding and cooperation.
